

Integrated LCD Touch

POS Terminal PT-5500

PAR//NER

Strength in Simplicity —
Meet the budget and satisfy the requirements

The PT-5500 represents the next generation of intelligent Point of Sale terminals from Partner Tech.

Equipped with a low power consumption VIA Eden processor the PT-5500 can be thin or thick running Window XPe to XP Professional. By eliminating moving parts such as fan for CPU and power supply, it reduces maintenance costs and increasing Return on Investment of an already attractively priced terminal.

PT-5500 with 15" integrated LCD Touch Screen but small foot print, 0 to 60 degree viewing angle allows the flexibility to locate the POS Terminal at any POS desk top, bar or wall mount. A host of standard features plus a wide variety of expansion options and peripherals allow easy configuration of the PT-5500 tailoring into your POS application requirements.

Let Partner Tech's complete line of integrated POS Terminals and Peripherals help your customer meet the challenges of today's demanding business environment.
