ANY EXCEPTIONS TO THESE INSTRUCTIONS/REQUIREMENTS OR SPECIFICATIONS MUST BE SPECIFIED AND SUBMITTED WITH THE BIDDER'S PROPOSAL. FAILURE TO INDICATE ANY EXCEPTIONS WILL BE REGARDED AS FULL ACCEPTANCE OF THESE REQUIREMENTS AND INSTRUCTIONS.

Only sealed, hard copy, bids will be accepted in reply.
4. **DESCRIPTIVE TERMS.** Unless the term "no substitute" is used, the use of brand name, manufacturer, make, or catalogue designation in describing an item does not restrict bidders to that particular brand name, etc. The term is simply to indicate the type, character, quality and/or performance equivalence of the item desired. However, the proposed substitution item must be of such character, quality and/or performance equivalence as that indicated in the specifications. A proposed substitute item must include complete data as to the manufacturer's name, type, model number, any descriptive bulletins and specifications.

If the quantity is an estimate, the unit price only shall be listed. On items where a quantity is specified, a total shall be entered in the appropriate column of the bid schedule. [3] Late charges cannot be assessed against the City or a Trust.
9. **DELIVERY.**  
[1] All prices quoted shall be based on delivery F.O.B. Oklahoma City, Oklahoma or to any points located within the municipal corporate limits (unless otherwise stated in the special instructions) with all charges prepaid to the actual point of delivery.

C121020

[2] Bids must show the number of days required for delivery under normal conditions. Unrealistically short or long delivery promises may cause bids/proposals to be rejected. A successful bidder is required to keep the purchasing agent advised at all times of the status of the order. All materials, supplies or equipment shall be delivered within thirty (30) days from the date of the award of the pricing agreement/contract, unless specified otherwise.

10. AWARD OF PRICING AGREEMENT/CONTRACTS. The contracting entity reserves the rights to: award by item, groups of items or all items of the bid; to reject any or all bids in whole or in part; and, waive technical defects, irregularities and/or omissions.

11. BID BONDS. If required by the specifications, a bid bond [or a certified check or cashier's check] in the required amount must accompany the bid. This bond may be retained by the contracting entity as liquidated damages should the successful bidder fail to comply with the terms of this bid/proposal. The City Clerk's/Secretary's office may return all bonds or deposits to unsuccessful bidders after the pricing agreement/contract has been awarded.

12. PERFORMANCE BONDS. If required by the specifications, the successful bidder must post the performance bond, a certified or cashier's check in the amount required prior to award of pricing agreement/contract. The bid bond or deposit may be returned to the successful bidder upon the posting of the performance bond.

13. PATENTS. The bidder agrees to indemnify and save harmless the contracting entity, the purchasing agent and assistants from all suits and actions of every nature and description brought against the bidder and/or any assistants because or for the use of patented appliances, products or processes. The bidder shall pay all royalties and charges which are legal and equitable evidence of such payment or satisfaction shall be submitted upon request of the City/Trust, as a necessary requirement in connection with the final execution of any pricing agreement/contract in which patented appliances, products or processes are to be used.

#### 14. TERMINATION.

[1] The performance of services and/or the delivery of items under any pricing agreement/contract may be terminated by the contracting entity, in whole or in part, whenever it is determined to be in the best interest of the contracting entity.

[2] Any such termination will be effected by delivery to the bidder of a termination notice specifying the extent to which performance or services and/or delivery of ordered commodities is terminated, and the date the termination becomes effective.

[3] After receipt of a termination notice, the bidder shall stop performance of services and/or accept no further orders under the pricing agreement/contract.

15. COMPLIANCE WITH APPLICABLE LAWS. All bidders must comply with all applicable federal, state or local laws and regulations, including Title VI and all provisions of the Civil Rights Act of 1964 42, U.S.C. 2000d-et seq.

The contracting entity shall at all times have the right to examine books, papers and records of the successful bidder relative to all aspects of the pricing agreements/contracts awarded as a result of this bid to confirm pricing agreement/contract compliance. Failure to provide the requested information may result in termination of the pricing agreement/contract. This right to audit only affects pricing agreement/contract compliance as a result of this bid, and does not apply to vendor records beyond the scope of the pricing agreement/contract.

18. PROPRIETARY INFORMATION/CONFIDENTIALITY. Bids submitted to the City become the property of the CITY upon receipt. At such time as a Bid is recommended to the CITY, all bids become a matter of public record and shall be regarded as such. The CITY is subject to the Oklahoma Open Records Act, Title 51, Section 34A et a seq. Although the Act recognizes that certain confidential information may be protected from disclosure, the CITY is not in a position to establish that the information a Bidder submits is worthy of being treated confidentially. If a request is made for information which a Bidder has marked "Confidential," "Trade Secret," or "Proprietary," the Bidder must identify and mark each page so requested and provide specific citations for the specific basis under the law and why exempt from disclosure under the Open Records Act, at the time of submittal of the proposal. The City will, to the extent allowed by law, endeavor to protect such information from disclosure. The final decision as to what information must be disclosed, however, lies with the District Court. If the Bidder fails to identify proprietary, confidential as financial information or trade secret information protected by law, the Bidder agrees that by submission of the bid those sections shall be deemed non-proprietary and available upon public request. Notwithstanding this provision, Bidders must not identify the entire proposal as proprietary/confidential or a trade secret. Pricing is not confidential and is a public record.

**BID12101 - ADDENDUM #1**

To: PROSPECTIVE BIDDERS  
From: Amy K. Simpson, Purchasing Agent  
Department: Information Technology Department

\*\*\*\*\*A COPY OF THIS ADDENDUM MUST BE SUBMITTED WITH BID\*\*\*\*\*

The City of Oklahoma has been asked to clarify and answer the following questions regarding BID12101 – Mobile Printers and Accessories:

1. Not all of the printers listed in the bid are wifi capable. Will the City still consider this an option or must the printer have all the communication options listed?

It is not required that every printer bid have all communications options. It is unlikely that we would purchase printers configured with all communications options simultaneously configured. We are also not limited to the listed printers if an alternative equivalent is available. We will choose from the list of printers available to purchase and buy the printer configuration(s) that best suits each application/implementation need.

2. What software is the City using for the printing application?

Software is varied. It may include Field Based Reporting documents or it could be citations.

3. Are you looking for paper to be included in the pricing or will the supplies be purchased elsewhere?

Bids are to include supplies and accessories.

4. What type of computer is the City using to print to the printer (Laptop, mobile handheld, etc.)?

Mobile data computers and possibly handhelds.
