APC SurgeArrest®

Superior noise filtering and surge protection for computers and electronics

SurgeArrest provides more features, performance and value than any other same-class surge suppressor

Surge suppression is vital to the health of your electronic equipment, but the right solutions must balance risk and cost. APC's SurgeArrest models offer the best protection from line noise, lightning strikes and everyday power surges that can cause hardware damage and data loss. SurgeArrest is designed for multimedia applications and desktop systems including computers, CD-Rom drives, monitors, printers, fax machines, modems and more.

SurgeArrest Features

Catastrophic event protection

When most surge suppressors fail, they still allow harmful "after shock" surges to pass through. If SurgeArrest fails, it fails open, preventing subsequent surges from reaching your equipment.

Protection working indicator

A protection working LED warns you if SurgeArrest circuitry is ever damaged. APC will then replace the damaged SurgeArrest for free under its two year warranty.

Site wiring fault indicator

For optimum use, surge suppressors require a correctly wired and grounded outlet. This feature automatically detects potentially dangerous wiring problems in the wall circuit.

5 safety outlet floor models

SurgeArrest features child-safe outlets to prevent potential accidents. Its five outlet design provides enough outlets to protect your entire system.

Product warranty

APC will replace your SurgeArrest free of charge for up to two years, if it is damaged by a surge or lightning strike.

APC®
Legendary Reliability™

SurgeArrest Specifications	Per5-AZ	Per5T-AZ
IEEE let-through Voltage	<15%	<15%
Surge energy capacity	315J	315J
Peak surge current	5.5k/11k	5.5k/11k
EMI/RFI noise suppression	25-55dB	22-55dB
Nominal line voltage	240Vac, 50/60HZ	
Operating temperature	0 to + 40 (+32 to +104)	
Relative Humidity	0 to 95, non-condensing	
Product size	28,58 x 4,50 x 4,76 cm (11.25 x 4.50 x 1.88 in)	
Warranty	2 years	2 years
Agency Approvals		A - Tick, Telepermit

The Per5-AZ SurgeArrest...provides essential surge protection for home/office computers and electronics

The SurgeArrest Per5-AZ offers a low cost, impenetrable reliability for home/office computers and electronics. For example; PC's, stereos, printers, modems and video equipment.

The SurgeArrest Per5-AZ offers:

- 5 safety outlets
- Let-through voltage rating of <15%
- Noise filtering
- Recessed master on/off switch
- 2 year product warranty

The SurgeArrest Per5T-AZ with telephone line protection...provides essential AC and telephone line surge protection for home/office computers and electronics

The SurgeArrest Per5T-AZ offers great value for home electronics and small business applications including: computers, printers, fax machines, modems and CD-Rom drives. The Per5T-AZ SurgeArrest also has built-in telephone line protection for internet users.

The SurgeArrest Per5T-AZ offers:

- 5 safety outlets
- Let-through voltage rating of <15%
- Noise filtering
- Recessed master on/off switch
- Built-in 2-wire, 1 telephone line protection for modems, fax or internet
- 2 year product warranty

Also available: APC SurgeArrest Notebook Pro Surge Protector provides the mobile notebook professional with advanced AC and telephone line protection.
