

Monarch® Pathfinder® Ultra® Silver 6032™ Printer

Monarch®
Products and Services

Increase Productivity **Save Money**

The Monarch Pathfinder Ultra Silver printer combines a keyboard, scanner (optional), and a label printer applicator into a unique one-piece design that enhances your productivity for many labeling functions.

Low Cost Portable Printing

Retailers and manufacturers will find the Pathfinder Ultra Silver printer perfect for item labeling and markdown applications! You can scan or key enter data, and bring the printer to the right merchandise (not visa versa). In addition, one handed print and apply capabilities provide significant advantages.

The Ultimate in Off-Line Portable Printing

The Pathfinder Ultra Silver printer combines key or scanner data entry with printing in a one piece handheld, with productivity enhancing ergonomics. Lithium ion battery technology provides longer battery life for less downtime due to battery changes. Users of the Pathfinder Ultra Silver printer experience less hand fatigue due to its ergonomically designed handle

and weight distribution. The rugged design (made from durable plastics and rubber over molds) provides a soft surface that feels light in the hand. Fast processing gets the first label out in one half a second or less, increasing productivity. All this, plus the patented print and apply design make the Pathfinder Ultra Silver printer a great value for small label applications.

Monarch® Pathfinder® Ultra® Silver 6032™ Printer

Monarch®
Products and Services

Superior Ergonomics

Lightweight at 31 ounces, the Pathfinder Ultra Silver printer is specially designed to fit in your hand comfortably. Also features an easy-to-use, simplified 25-key keyboard.

Superior Printing

Prints labels and tags as small as 1.2" x .7863" or as large as 2" x 4".

The 203 dpi, 2" wide printhead prints bar codes, graphics and human readable characters.

Superior Durability

Over body molding protects the printer from damage if dropped and increases user comfort.

Data Base Version

The Monarch Pathfinder Ultra Silver-DB has all the productivity-enhancing features of the Pathfinder Ultra Silver printer and adds a data base look-up capability, including:

- Capacity of up to 10 database files
- Up to 1 MB of look-up and program file memory
- Accesses database with one scan or keystroke
