### Comprehensive Solutions for Hospitality Management

Waiter In-a-Box | Aldelo Edition is the ideal point of sale and hospitality management solution to help simplify operations for all table service restaurants, quick service restaurants and bars. In the quest for success, time becomes a valuable commodity among restaurant operators. The ability to simplify and streamline operations not only helps increase the bottom line, but creates a better working environment. Features of this innovative solution include:

- Inventory management system
- Frequent diner program
- Delivery tracking system
- Video surveillance interface

Waiter In-a-Box | Aldelo Edition is affordable, extremely user friendly, easy to learn and use, feature rich, powerful, and multi-lingual.

*Waiter In-a-Box | Aldelo Edition is available exclusively at BlueStar!*
