- Measuring equipment
- Lottery

Versatile POS printer features for all Retail and Hospitality solutions!!!

● *The fastest speed in its class*

Printing at maximum speed of 200mm/sec, The SRP-370 is one of the fastest printers – even when it prints barcodes and logos.

● *Various paper roll sizes*

You can select the paper width only with the paper guide. The standard width 80mm roll is ideal for POS receipts, especially when used to provide promotional coupons and vouchers. For other uses like back of house information printing the 82.5mm or 58mm roll may be more than adequate. And also capable of handling paper rolls of up to 105 mm in diameter, the compact SRP-370 can be unobtrusively located in any retail environment.

● *Easy System Integration*

With fast moving technology in IT solution it is important to have simple integration of peripheral devices. The SRP-370 is no exception, drivers are available for Windows 95/98/ME/NT4.0/XP /2003 server and OPOS.

● *Drop In and Print Paper Loading*

A simple drop-in loading system means that even inexperienced operators can load paper rolls with the minimum of effort.

● *Satisfy with multiple interfaces*

The SRP-370 has versatile, interchangeable interfaces such as Serial, Parallel, USB, Ethernet and Bluetooth options with new technology interfaces POWRED USB Y-cable and USB+SERIAL interface. If you want to connect to low cost cash registers or the most sophisticated EPOS system or hospitality management system just choose the interface that your system needs.

● *Software utilities*

Logo/firmware download program helps you use logo efficiently and easily. Also available is the Store Maker logo download utility allowing updates of logos and coupons.

• *Customizing your Receipt*

By utilizing the statistic memory of the SRP-370 you can provide unique identity to your receipts.
Recommend you to monitor the life span of key components by statistic data saving. It's very easy to select the printer settings by virtual memory switch.

• *The powerful features for Kitchen printer*

The splash proof cover, wall mount bracket and internal/external buzzer is fitted in food and beverage preparation areas as standard equipment. The SRP-370 has these powerful features to make all users satisfy in the busy and flurried environment.

Samsung Mini Printers keep at the forefront of technology and commitment to reliability with new model. Two color thermal printing capability makes it ideal for corporate branding, highlighting specials, coupons, customer loyalty and restaurant applications.
