- **Operator Keys**– 7 keys (Micro Switch)

MS-30 Pediatric Scale

Features

The MS-30 scale is particularly suited to the medical or veterinary industry. With a capacity up to 15 kg (33 lb) and readability of 10 g, the MS-30 will accurately weigh infants or small animals.

The scale has a "HOLD" feature that will capture an unstable weight and keep it on the display for recording after the weight is taken off.

The MS-30 operates on battery or AC adapter (US adapter included).
