

# HP MP4 Digital Signage Player, Model 4200

HP recommends Windows.

## HP MP4 Digital Signage Player

Attract and inform your customers with the compact and affordable HP MP4 Digital Signage Player, Model 4200, designed to drive static screen layouts and full-screen video signage content.

### Place it almost anywhere.

- Maximize your available space with HP's ultra-thin digital signage player—mount it behind an HP Digital Signage Display to simplify installation and deliver picture-perfect presentation of rich media content.
- Keep your content running smoothly with a next-generation dual-core<sup>1</sup> AMD APU and Radeon HD<sup>2</sup> 8280E graphics.
- Deploy it virtually anywhere in your retail environment—the integrated VESA mount system and optional HP Quick Release Mounting Bracket<sup>3</sup> support mounting under a counter, on a wall, inside a kiosk, or behind a digital signage display.<sup>3</sup>
- Start with a solid state drive and add a second SSD<sup>3</sup> later. Dual-display support with two DisplayPort outputs, or HDMI with an optional adapter.<sup>3</sup> Upgrade with an optional wireless card. Safety from a lockable secure cable/port cover option.<sup>3</sup>

### Get retail-ready reliability.

- Depend on the enhanced reliability that comes from no moving parts, a fanless design, and a streamlined Windows Embedded OS optimized for digital signage playback.
- Get a streamlined signage-ready OS designed for superior performance with content management software. Choose Windows Embedded Standard 7 64-bit or FreeDOS.

### Stay on budget.

- Create a compelling digital signage solution for static screen layouts and full-screen video signage implementations with an economical and efficient digital signage player that gets the job done.
- Reduce power consumption and help lower your costs with an intelligent, energy-efficient design that is ENERGY STAR<sup>®</sup> qualified and EPEAT<sup>®</sup> Gold registered.<sup>4</sup>
- Rest assured that your IT investment is supported by a three-year standard limited warranty. To extend your protection beyond the standard warranties, select optional HP Care Pack Services.<sup>5</sup>

## Technical specifications

<b>Operating Systems</b>	Windows Embedded Standard 7P (WES 7P)
<b>Chipset</b>	AMD A55E
<b>Processors</b>	AMD Dual-Core GX-217GA 64-bit SOC
<b>Graphics<sup>6,7</sup></b>	AMD Radeon HD 8280E (450MHz GPU) Graphics
<b>Memory</b>	4 GB 1600 MHz DDR3 SDRAM 32 GB Flash
<b>Memory Slots</b>	2 SODIMM
<b>Storage<sup>8</sup></b>	Primary Boot drive 32GB MLC mSATA SSD (64 GB also available)
<b>Audio/Multimedia</b>	Internal amplified speaker; 1/8-inch mini-jack (headphones/microphone); full 24-bit stereo; up to 192 kHz sample rate; 1/8-inch mini-jack (line in/line out)
<b>Dimensions and Weight: (W x D x H)</b>	Dimensions: 8.7 x 1.6 x 9.5 in (22 x 4 x 24 cm) Weight: 3.0 lb (1.36 kg) <sup>9</sup>
<b>Networking/ Communications</b>	10/100/1000 Gigabit Ethernet (RJ-45) Broadcom Wireless LAN 802.11a/b/g/n with Bluetooth NIC
<b>Ports</b>	2 USB 3.0 6 USB 2.0 (2 internal) 2 DisplayPort 1.2 1 RJ-45 2 PS/2 (keyboard and mouse) 1 serial
<b>Warranty</b>	Limited three-year hardware warranty in most regions. HP Care Pack Services <sup>5</sup> extend service contracts beyond your standard warranties. For more details visit <a href="http://hp.com/go/lookuptool">hp.com/go/lookuptool</a>
<b>Certifications</b>	ENERGY STAR <sup>®</sup> qualified configurations available Low halogen <sup>10</sup>

- 1 Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. This system requires a 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD technology. Multi-core processing available with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance of a system including a 64-bit operating system will vary. AMD's numbering is not a measurement of clock speed.
- 2 High-definition content required.
- 3 Mounting hardware and optional features sold separately or as add-on features.
- 4 EPEAT<sup>®</sup> registered where applicable. EPEAT registration varies by country. See [www.epeat.net](http://www.epeat.net) for registration status by country.
- 5 HP Care Pack Services are sold separately. Service levels and response times for HP Care Pack Services may vary depending on your geographic location. Service starts from date of hardware purchase. Restrictions and limitations apply. See [hp.com/go/cpc](http://hp.com/go/cpc) for details.
- 6 HD content required to view HD images.
- 7 Integrated AMD Radeon HD 8280E graphics chipset uses part of the total system memory for graphics performance. System memory dedicated to graphics performance is not available for other use by other programs. Minimum of 256 MB reserved for graphics.
- 8 For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16GB (for Windows 7) of system disk is reserved for system recovery software.
- 9 Minimum configuration weight listed. Options and add-ins will increase weight.
- 10 External power supplies, power cords, cables and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen.
