

# HP MP9 Digital Signage Player, Model 9000

HP recommends Windows.

## HP MP9 Digital Signage Player

Boost sales and engage customers with compelling dynamic and interactive signage content driven by the HP MP9 Digital Signage Player, Model 9000, HP's smallest and most powerful digital signage player.

### Captivate your audience.

- Deliver smooth and reliable dynamic on-screen content to your customers with a player driven by the power and performance of the latest Intel technologies.
- Help ensure superior and reliable media playback with 4th Generation Intel® Core™ vPro™ Processors<sup>1</sup> with the Intel® Q87 Chipset and integrated Intel® HD 4600 Graphics.<sup>2</sup> Enjoy easy remote management capabilities on select models.

### Place it virtually anywhere.

- Mount HP's smallest digital signage device behind an HP Digital Signage Display to maximize available space, simplify installation, and deliver picture-perfect rich media content to up to two digital displays at full 1080p resolution.
- Deploy the super-small signage player wherever you need it in your retail environment—the integrated VESA mount system supports horizontal or vertical mounting under a counter, on a wall, inside a kiosk, or behind an HP Digital Signage Display.<sup>3</sup>
- Use the HP Quick Release Mounting Bracket<sup>4</sup> to securely mount the unit behind a display or to any flat surface. Protect the unit from theft and tampering with the HP Security Sleeve.<sup>3</sup> Rack and stack the player with the HP Rack Mount Shelf.<sup>3</sup>

### Choose your retail-ready OS.

- Get the enhanced dependability of a streamlined Windows Embedded OS optimized for digital signage playback, sophisticated software, and interactive touch applications.
- Get a streamlined signage-ready OS designed for superior performance with content management software. Choose Windows Embedded Standard 7 64-bit or FreeDOS.

### Global reassurance.

- Rest assured that your investment is designed to run 24/7 in demanding retail environments and supported by a three-year standard limited warranty. To extend your protection beyond the standard warranties, select optional HP Care Pack Services.<sup>5</sup>

## Technical specifications

<b>Operating Systems</b>	Microsoft Windows Embedded Standard 7P (64-bit)
<b>Chipset</b>	Intel® Q87 Express
<b>Processors<sup>1</sup></b>	Intel® Core™ i5-4570 Processor Intel® Core™ i3-4330 Processor
<b>Graphics</b>	Intel HD Graphics 4600 <sup>6</sup>
<b>Memory</b>	8GB, up to 1600 MT/s, DDR3 non-ECC
<b>Memory Slots</b>	2 SODIMM
<b>Storage<sup>7</sup></b>	SATA 500 GB 7200 rpm HDD, 128 GB SSD, 180GB SATA 2.5 Opal2 SED SSD
<b>Audio/Multimedia</b>	HD audio with Realtek ALC221 codec (all ports are stereo) DTS Studio Sound audio management technology Microphone and headphone front ports (3.5mm) Line-out and Line-In rear Ports (3.5mm) Multi-streaming capable Internal speaker (standard)
<b>Dimensions and Weight: (W x D x H)</b>	Dimensions: 6.9 x 7 x 1.3 in (17.5 x 17.7 x 3.4 cm) Weight: 2.9 lb (1.3 kg) <sup>8</sup>
<b>Networking/ Communications</b>	Ethernet (RJ-45) Intel I217LM Gigabit Network Connection (standard)  Wireless Intel Wireless-N 7260 802.11 M.2 a/b/g/n NIC Card <sup>9</sup>
<b>Ports<sup>10</sup></b>	6 USB 3.0 1 VGA 2 DisplayPort 1 RJ-45 1 audio line in 1 audio line out 1 headphone-out/microphone-in combo
<b>Warranty</b>	Limited three-year hardware warranty in most regions. HP Care Pack Services <sup>5</sup> extend service contracts beyond your standard warranties. For more details visit <a href="http://hp.com/go/lookuptool">hp.com/go/lookuptool</a>
<b>Certifications</b>	ENERGY STAR® qualified configurations available Low halogen <sup>11</sup>

- Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers, and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
- High-definition content required.
- Mounting hardware and optional features sold separately or as add-on features.
- EPEAT® registered where applicable. EPEAT registration varies by country. See [www.epeat.net](http://www.epeat.net) for registration status by country.
- HP Care Pack Services are sold separately. Service levels and response times for HP Care Pack Services may vary depending on your geographic location. Service starts from date of hardware purchase. Restrictions and limitations apply. See [hp.com/go/cpc](http://hp.com/go/cpc) for details.
- HD content required to view HD images.
- For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16GB (for Windows 7) and up to 30GB (for Windows 8) of system disk is reserved for system recovery software.
- Configured with 1 hard drive
- 802.11a/b/g/n wireless network card is an optional or add-on feature and requires separately purchased wireless access point and internet service. Availability of public wireless access points limited.
- When configured with an Intel Celeron, Pentium or 4th generation Intel Core i3 CPU, only two of the available video output ports are active.
- External power supplies, power cords, cables and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen.
