# IQeye511

## NETWORK CAMERAS

## Resolution On-Demand™

The IQeye511 delivers high-speed IP video and enhanced low-light performance in an attractive, low-profile package. Users can select the resolution they want, when they want it, from CCTV up to HDTV or even megapixel.

The IQeye511 includes our IQfocus™ utility, making it easy to install and support. Its industrial design and time-tested operating system ensures reliable operation in even the most demanding environments.

Every feature-rich IQeye is flexible and can be custom tailored for your application. Its rugged package is ideal for the professional installation where plastic, consumer-grade products fall short.

From small systems using IQrecorder™ on-camera NVR software to enterprise-wide NVR/DVR systems,* the IQeye511 lets you capture all the details.

# IQeye511 - Resolution On-Demand™

### IQrecorder™

Available with every IQeye, IQrecorder enables you to record and playback crisp, clear IQeye Resolution™ images using affordable network storage *with no client software*.

**High Resolution**

### IQauthenticate™

Every IQeye is also available with on-camera, digital authentication that protects images right in the camera. IQauthenticate addresses the image manipulation problem *at the source* ensuring your evidence has not been compromised.

### IQfocus™

The IQfocus utility lets you use popular hand-held CCTV monitors and eliminates the hassles of focusing cameras over slow networks.

**IQeye Resolution**

- 1.3 Mpix resolution (1280x1024)
- Improved 0.2 lux low-light performance
- 30+ ips @ D1 / 20 ips @ HDTV
- IEEE 802.3af - Power-Over-Ethernet
- LIGHTGRABBER™ low light technology
- Digital PTZ with no moving parts
- Multi-zone motion detection
- Digital image cropping
- Privacy zones
- Advanced bandwidth management tools
- Proven network reliability
- User-selectable exposure window
- AC/DC or IEEE 802.3af
- < 2.5 watts, AC or DC
