AURA 7000 Thermal Printer

AURA 7000 Thermal Printer

The new AURA 7000 thermal receipt printer by POSIFLEX offers the performance, innovation, and affordability that you have come to expect. The high-resolution thermal print head provides quiet operation and the ability to print detailed graphics and bar codes for use in various applications.

The AURA clamshell design allows for easy drop-in paper replacement with auto-feed functionality. Settings include partial or full auto-cut capability and can control two cash drawers. An integrated image registration function (2MB of flash memory) allows for downloading and storing special character patterns and graphic logos.

Optional features includes a wall mount bracket, selection of 24-dot or 16-dot font modes and support of extended print modes.

AURA 7000 Features:

- 180 mm/sec high-speed printer with 2 MB flash memory
- Guillotine type auto cutter
- Clam-shell, drop and load design for easy paper loading and print head cleaning
- Light weight, quiet and compact
- Supports bar code printing international character sets and other languages
- WEPOS Certified (Microsoft Embedded for Point-Of-Service)
