

Socket[®] with Bluetooth[®] Wireless Technology

Connection Kit and Adapter

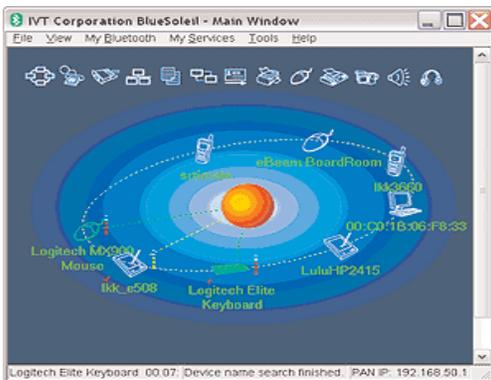

CF Card and PC Card Adapter for Windows Mobile, 2000, XP

Plug Into Bluetooth

Add *Bluetooth* wireless technology to your Pocket PC or Windows notebook, desktop or tablet computer with a simple plug-in card that goes in the CompactFlash (CF) or PC Card (PCMCIA) slot. You'll be able to quickly connect to a variety of electronic devices without any cables or wires in the way. Enjoy the convenience and comfort of wireless connectivity from a variety of different computers.

With the Connection Kit and Adapter, you can connect to a *Bluetooth* enabled bar code scanner, GPS receiver or other serial device completely wire-free. Connect to another *Bluetooth* enabled PDA or computer to exchange business cards, browse and share files, or synchronize data. Enjoy the convenience of wireless email, Internet, and LAN access by connecting to a *Bluetooth* cell phone, modem or LAN access point. You can even send files wirelessly to a printer, perfect for mobile printing applications.

◀ *BlueSoleil software for Windows 2000 and XP features a unique graphical main screen.*

A Perfect Fit — No Protruding Parts

The Socket Cordless Card is a Type I CompactFlash card with an integrated antenna. Whether you use it in a CompactFlash or PC Card slot, it won't stick out of your computer's card slot. No protruding parts means less chance of damage, especially when packed for travel.

Easy-to-Use Software

The kit includes a complete suite of software that makes it effortless to create, configure, and manage your *Bluetooth* connections. There are different software versions for Windows Mobile and for Windows 2000/XP. Both are easy to use with intuitive graphics and handy connection tools.

FEATURES

- Class 2 *Bluetooth* radio has range of 30 feet (10 meters)*
- CompactFlash (CF) Type I card with integrated antenna fits entirely in the card slot, reducing the chance of damage
- RoHS and WEEE compliant
- Works with computers running:
 - Windows Mobile, 2003, 2003SE, 5.0**
 - Windows 2000, XP or XP Tablet Edition
- Warranty: 3 years
- Easy to use, intuitive software
- Print to *Bluetooth* enabled printers from a Pocket PC***
- Can handle multiple connections and multiple COM ports for Windows Mobile
- *Bluetooth* profile support for Windows Mobile:
 - Dial-up Networking (DUN) and Fax
 - File Transfer (FTP)
 - General Access and Service Discovery
 - General Object Exchange (OBEX)
 - LAN (via PPP)
 - Object Push
 - Serial Port (SPP)
- BlueSoleil supports the following additional profiles for Windows 2000, XP, XP Tablet Edition:
 - A2DP (Stereo Headphones)
 - Basic Imaging Profile (BIP)
 - Headset AG
 - Human Interface Device (HID)
 - Info Sync
 - Personal Area Networking (PAN)

*Range depends upon environment, number of users, and other wireless devices within immediate proximity.

**Devices running Windows Mobile 5.0 require ActiveSync 4.0 or greater, which does not support synchronization over Ethernet

***Includes 30-day trial version of PrintPocketCE. For a full version, please visit: www.fieldsoftware.com

Socket CF Connection Kit and Adapter

with Bluetooth® Wireless Technology

Connect your desktop PC wirelessly to a Bluetooth enabled keyboard and mouse.

The Bluetooth Device Discovery Wizard for Windows Mobile makes connecting easy.

Use specialized tools for object exchange and other applications.

SPECIFICATIONS:

Physical Characteristics:

CF Card Dimensions: 36 x 43 x 3.3 mm

Mass (CF card with adapter): 1.2 oz (34 g)

Power Consumption:

3.3 V Supply:

Idle: 16 mA (52.8 mW)

Typical: 40 mA (132 mW)

Maximum: 90 mA (297 mW)

5 V Supply:

Idle: 20 mA (79.8 mW)

Typical: 44 mA (159 mW)

Maximum: 94 mA (324 mW)

Interface: CompactFlash, Type I

With Adapter: PCMCIA, Type II

Bluetooth Characteristics:

Protocol: Bluetooth 2.45 GHz ISM band frequency hopping

Antenna: Integrated

Radio range: Up to 30 ft (10 m)*

Connection: Point-to-point and point-to-multipoint

Security: Encrypted link

RF Power Output:

Minimum: 0.025 mW

Typical: 1 mW

Maximum: 2.5 mW

Operating System Support:

- Windows Mobile for Pocket PC 2003, 2003SE, 5.0**
- Systems running Windows 2000, XP, XP Tablet Edition

*Range depends upon environment, number of users, and other wireless devices within immediate proximity.

**Devices running Windows mobile 5.0 require ActiveSync 4.0 or greater, which does not support synchronization over Ethernet.

Windows 2000/XP Software Included:

BlueSoleil connection software

Windows Mobile Software Included:

Easy-to-Use Setup Wizard:

Get Connected! Wizard

Bluetooth Device Wizard:

Advanced Mode for expert users

Socket Dialer:

Auto-dial from contacts database (Pocket PC 2003/2003SE only)

Third Party Application (trial version):

PrintPocketCE from Field Software

Supported Bluetooth enabled Devices:

View a list at: www.socketcom.com/product/bluetooth.asp

Certification:

Bluetooth 1.1

CompactFlash Spec. 2.0

FCC: Part 15, Class B

C-TICK: s.182

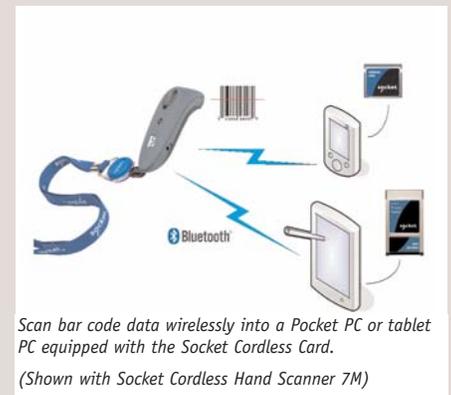

ETS 300 328, ETS 300 826

TELEC

Warranty:

CF Card: Three years

PC Card Adapter: Three years
