42" Full HD LED Professional Display

Optimized Entertainment for Hospitality Environments

CDE4200-L

The ViewSonic® CDE4200-L is the ideal display solution for business, hotel, and hospitality environments. The 42-inch Full HD LED professional display features versatile input connectivity including HDMI (x3), VGA, Composite, and YPbPr. With a brightness of 350 nits, and a 3000:1 contrast ratio, this LED panel display delivers stunning brightness and contrast at a 6.5ms response time to ensure crisp pictures and smooth playback. Built-in 10W (x2) speakers and SPDIF digital audio output provide crystal-clear sound. In addition, the CDE4200-L includes USB cloning for easy duplication in multi-screen environments. The CDE4200-L also features automated control using RS-232, HDMI® CEC control, and IR pass through for easy connection to HD set-top-boxes, media players, and Blu-ray™ players. A programmable hospitality menu allows for custom calibration of features such as channel defaults, audio levels, and power up—making the CDE4200-L ideal for use in hospitality applications.

42" Full HD 1920x1080 Display Resolution

The CDE4200-L has everything you expect from a ViewSonic display—delivering stunning clarity and color performance with full HD resolution.

Hospitality Mode for Automated Multi-screen Control

The CDE4200-L is great for multi-screen setups in hotels, restaurants, sports bars, or retail outlets that require automated control and customizable presets. With a programmable hospitality setting, each television can have the same customized channel default, audio level, front-panel lockout, and auto power-up settings.

USB Multimedia Playback & Cloning

With the handy PC-less USB playback feature, photos and music can be immediately played and shared by plugging a USB drive into the display. In addition, the CDE4200-L includes USB cloning for easy duplication in multi-screen environments.

Automated Control

RS-232 and CEC control port allows for automated control of the television's remote control features, while IR Pass Through provides compatibility between 3rd party remote controls and hospitality set-top-boxes.

Energy Saving LED Panel

LED backlighting enhances display performance and delivers an outstanding color range, while a brilliant 3,000:1 contrast ratio and 350 nits of brightness provides for remarkably detailed images.

Versatile Input Connectivity

VGA, YPbPr, and USB inputs provide extreme flexibility, while 3 HDMI ports allow connection to HD set-top-boxes, media players, and Blu-ray players.
