

Efficiency is Your Objective ...Getting You There is Ours

Wasp Nest

Complete Bar Code Business Suite

Wasp Nest Suite is the leading bar code office suite. Wasp Nest Suite is a professional bar code scanning and labeling package designed to work with your favorite business software and database applications. Wasp Nest Suite provides an integrated bar code solution to help automate virtually any business process. Turn your computer into a complete bar code system—create and scan bar codes in minutes.

- Windows 9x, NT, 2000
- PC Requirements - 486/66 MHz or higher, minimum 16 MB of RAM, minimum 10 MB of hard disk space

CCD LR

Easy-to-use, Long Range Scanner

Comes with all the features of the CCD Scanner with the added benefit of scanning bar codes up to 12" away.

WandReader

Durable, pen-style wand

Affords customers with the most economical vehicle to scan bar codes and comes ready to use right out of the box.

Laser

High-performance, Laser Scanner

Ideal for fast-paced environments. Scan bar codes up to 2 feet away.

CCD

Easy-to-use, one-touch CCD Scanner

This all-purpose, contact scanner is extremely easy to use. Scan bar codes up to 3.5" wide with a single touch of a button or use the hands-free auto-scanning feature.

Labeler

Designed to meet the most demanding bar code labeling and printing requirements.

Auto ID Book

A comprehensive, straight-forward book that wipes out the myth that bar codes are complicated and difficult to implement. This book explains how bar codes can help improve productivity, accuracy, and timeliness of information.

Features

Comes packaged with a full-featured, professional bar code labeling software, a Wasp decoded keyboard wedge scanner, and the Auto ID Book

Wasp Nest Suite comes configured with one of the following scanners: WandReader, CCD, CCD LR, or Laser scanners
